	Keep working hard, keep watching the daily lessons and practising your phonics.			

English EYFS / Year 1 Communication and Language / Writing

Question of the week – How quickly will our cress seeds grow?

Monday

We have sent some cress seeds home for you to have lots of fun growing.

What equipment do we need to plant our cress seeds?

Write a list of what we will need for tomorrow.

You will need.:

Eggs

Cotton wool

Cress Seeds

Felt tips/something to decorate the egg.

Tuesday

Design your own cress head.

Think about what character you would like to design.
Can you colour your eggs or add more features?

You can choose a pirate, a minion, a superhero it's up to you!
Be as creative as possible.

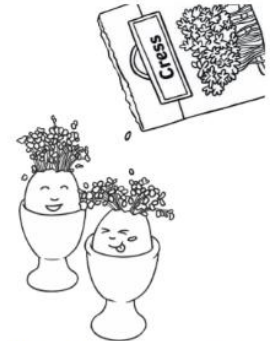

Read through the 'Make a cress head' sheet with your grown up
and follow the instructions to plant your cress head.
Have lots of fun!

You will need:

- Eggs
- Cotton wool
- Felt tips
- Cress seeds

The Activity:

Cress seeds are easy and quick to grow on damp cotton wool. In this activity you can make an eggshell into a funny face with cress hair!

Instructions:

1. Depending on how you want to use the eggs, you can either hard boil them and eat them for breakfast, or crack the shells and put the raw egg to one side to use later. Either way, try to crack the shell as near to the pointed end as possible. You can throw away the smaller piece of shell.
2. Wash the inside of the eggshell carefully and let it dry.
3. Using felt tips, draw a face on the eggshell. Make it as funny, silly or unusual as you like. You only need to draw the features of the face, not an oval face shape.
4. Fill the eggshell with cotton wool and pour in enough water to make it damp.
5. Sprinkle cress seeds onto the top of the cotton wool.
6. Put your eggshell in a light place but out of direct sunlight. Keep it well watered but not waterlogged.
7. In a few days, your egg should start to grow its cress 'hair'.

Wednesday

Cress Plant Diary

Writing Task

Fill in your cress diary each day for the next 3 / 4 days.
Draw pictures of the cress and write what is happening at each stage.
You can even take pictures of your cress head.

When the cress is fully grown you can give him/her a haircut.

You can now eat the cress, do you like the taste?

I love egg and cress sandwiches!

If you have green fingers can you grow other herbs and vegetables.

I know that some of you have vegetable plots.

Please take pictures and we can share your work when we are back at school.

Planting the cress seed

Equipment:

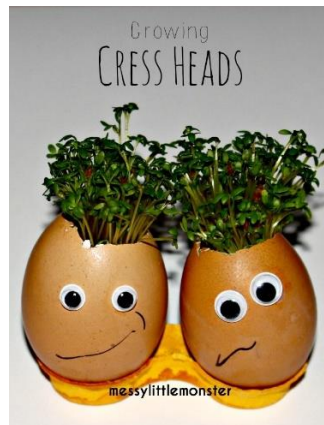

2 - Print on reverse of pages 8 and 1

Thursday

Friday

**Reading
and
comprehension**

Link to support online Reading

https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/?view=image&query=&type=book&age_group=Age+4-5&level=&level_select=&book_type=&series=

Practise your reading and high frequency words daily.
Continue to practise reading the sounds in the middle of your reading diary.

Talk through as many different stories, fiction and non-fiction books as possible.

Discuss the endings of the story and suggest your own ending.

Discuss the characters and their feelings.

How would you feel in the same situation?

Can you write a book review of the book you have just read?

**Physical
Development/
Health and self
care**

We have been practising our football skills in school this half term.

Now that you can pass and dribble can you practise scoring a goal.

Remember to keep fit with all the online fitness programmes.

Cosmic Yoga

<https://www.youtube.com/watch?v=LhYtcadR9nw>

Practise ways to relax and enjoy just being together as a family.

Friday Fun Games

I asked my family this week what their favourite game was to give me some ideas for you.

Oh no! Mr Trickey said 'Frustration'

This game is not about any skill but sheer luck and frustration!

Remember follow the rules and take it in turns, no cheating although it is very frustrating!

We are all enjoying playing dominoes in school and this involves number skill and thinking. Just have fun!

Relaxing

Practise ways to relax and enjoy just being together as a family.
This is a unique time where we have a little more space in our lives to do this.

If the weather is dry, find a comfortable spot outside, lay down and look at the sky.
Are there any clouds? Are they moving? What patterns do they make?

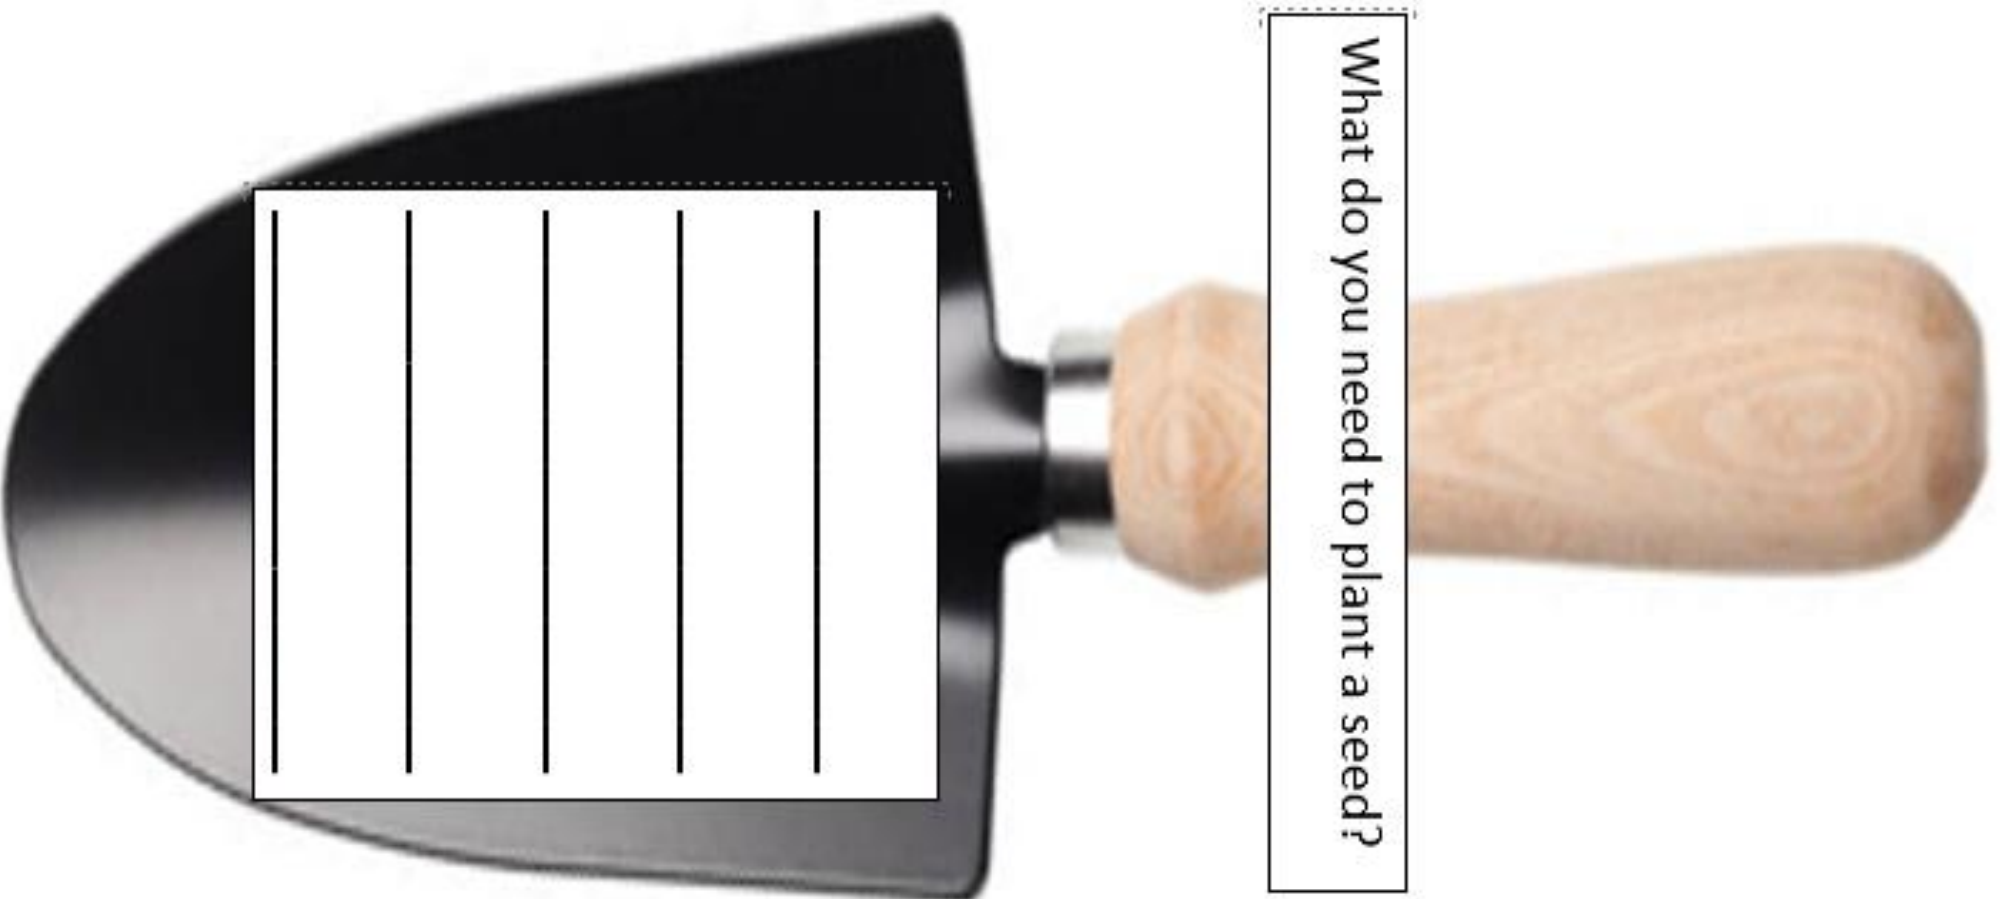

Relaxed Breathing

Practise ways to relax and enjoy just being together as a family.
This is a unique time where we have a little more space in our lives to do this.

Go around your hand with your finger slowly.
Breathe in when you go up, breathe out when you go down.
Then go back the other way. This will make you feel more relaxed and calm.

What do you need to plant a seed?

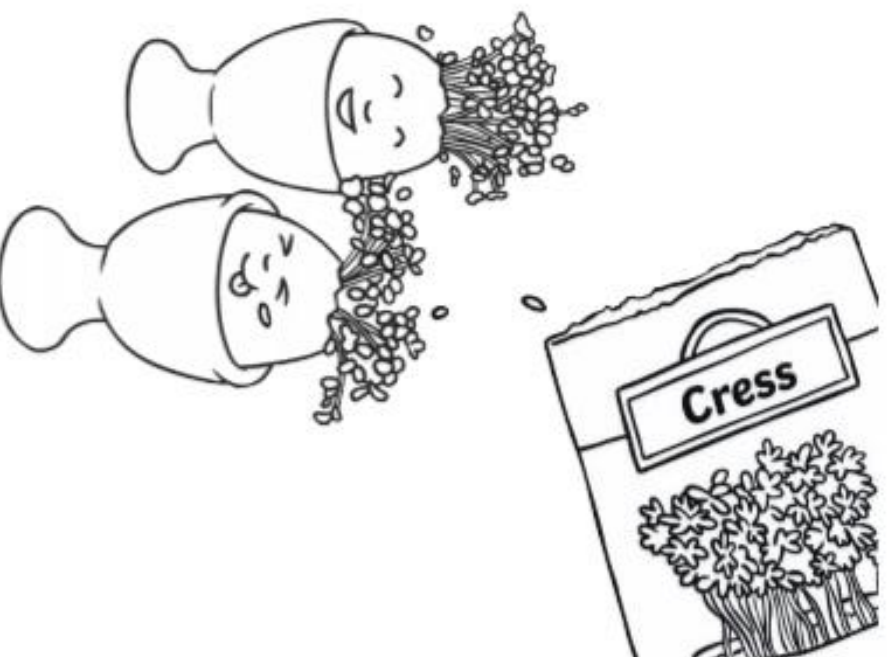

You will need:

- Eggs
- Cotton wool
- Felt tips
- Cress seeds

The Activity:

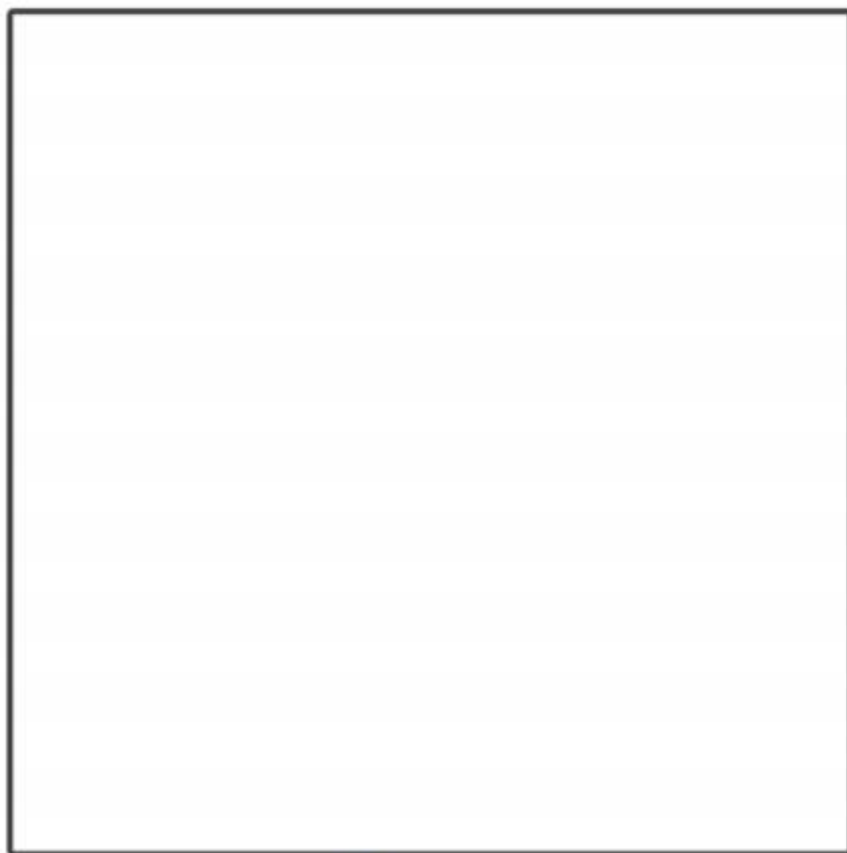

Cress seeds are easy and quick to grow on damp cotton wool. In this activity you can make an eggshell into a funny face with cress hair!

Instructions:

1. Depending on how you want to use the eggs, you can either hard boil them and eat them for breakfast, or crack the shells and put the raw egg to one side to use later. Either way, try to crack the shell as near to the pointed end as possible. You can throw away the smaller piece of shell.
2. Wash the inside of the eggshell carefully and let it dry.
3. Using felt tips, draw a face on the eggshell. Make it as funny, silly or unusual as you like. You only need to draw the features of the face, not an oval face shape.
4. Fill the eggshell with cotton wool and pour in enough water to make it damp.
5. Sprinkle cress seeds onto the top of the cotton wool.
6. Put your eggshell in a light place but out of direct sunlight. Keep it well watered but not waterlogged.
7. In a few days, your egg should start to grow its cress 'hair'.

Cress plants need these things to grow healthily:
