

Hackwood Primary Academy  
Foxes class Year 4 – Lockdown Learning  
Week 8.2.21

Learning Objective and Activities

	English	Maths	Topic
<b>Monday</b>  <b>Maths Sheet</b>  Find 1 10 100 more or less	<b>To generate vocabulary for character description</b> In this lesson, we will be creating a word bank to help us in the following lessons. Watch the video below and complete the task using the table available on Purple Mash. <a href="https://classroom.thenational.academy/lessons/to-generate-vocabulary-for-character-description-6rtkct">https://classroom.thenational.academy/lessons/to-generate-vocabulary-for-character-description-6rtkct</a> Once you have done this, use the mind map to create a vocabulary map. For more information, watch the video made available on Purple Mash. <b>This will help your writing become more exciting.</b> <b>I am looking forward to reading this.</b>	Please find attached the link to the video learning.  <a href="https://whiterosemaths.com/home/earning/year-4/week-3/">https://whiterosemaths.com/home/earning/year-4/week-3/</a>	<b>Science Week</b> <a href="https://www.youtube.com/watch?v=3pjkQcQBTtc">https://www.youtube.com/watch?v=3pjkQcQBTtc</a> watch the video and take notes on the digestive system, the more attention you pay to the video the better your work will be throughout the week. Remember, you can always revisit this video to refresh your memory. <b>Task – after watching the video label the diagram available on Purple Mash.</b>
<b>Tuesday</b>  <b>Maths Sheet</b>  1000 more or less	This lesson will require you to use your imagination to the maximum. What I would like you to do is, use the template on Purple Mash to design and describe your own animal. This animal could have the head of an Owl so it could see well? With the body of a Rhino so it was strong and well protected. Once you have designed your animal, describe each part using your new descriptive vocabulary. <b>For example, the colossal trunk of an Elephant for reaching or the quick nimble legs of a cheetah for a rapid get away when needed.</b> I look forward to seeing your creations.		In this lesson, we will not only be talking about the different part of the digestive system we are also going to be learning about their jobs. <b>Task - Watch the video on Purple Mash and complete the template labelling the different part of the digestive system and their jobs.</b>
<b>Wednesday</b>  <b>Maths Sheet</b>	In this lesson, you will use your new skills to describe an image that I have given you rather than one you have created. <b>On your 2Do's look at the image of the BFG. What can you tell be about the details of his face?</b>		<b>Complete the tasks made available on Purple mash</b>

Compare 4 digit numbers	Remember to describe him as clearly and as well as you can. This will make your writing more exciting for the reader.		<b>You also have your Joe Wicks P.E available.</b> <a href="https://www.youtube.com/watch?v=2X1p0Yd6WAo">https://www.youtube.com/watch?v=2X1p0Yd6WAo</a>
Thursday  <b>Maths Sheet</b> Order numbers	In this lesson we will be focusing on how the BFG feels inside. How would you describe the BFG's thoughts and feelings? <b>How does he feel towards Sophie?</b> <b>How can you tell he feels this way?</b>  Watch the video provided on Purple Mash and complete the template. Describing the BFG's emotions and how we know this is how he feels.		<b>Teeth,</b> In this lesson we will be learning all about teeth and how teeth are needed in the digestive system. <b>Task- Watch the video on Purple Mash about how important teeth are and complete the template matching the teeth to their position in the human mouth.</b>
Friday  <b>Maths Sheet</b>  Round to the nearest 1000	In this lesson, you will be using all you have learnt this week to create a character description on the BFG. Using the template given on Purple Mash write about what the BFG looks like, what he sounds like and anything else you can think of to describe this character.		In this lesson, you will be creating your own food chain using the template given on Purple Mash. <b>Task – Watch the video on Purple Mash and use the template provided to create your own food chain. Examples will be shown during the video.</b> I look forward to seeing these.
